

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 28th June, 2024** at **10:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

AGENDA

Sr. #	Name of Candidate	Supervisor	Date/Number of Submission	Title
1.	Dr. Nouman Ali 2022-23	Dr. Abid Nazir Associate Professor of General Surgery Nawaz Sharif Medical College, Gujrat	15-May-24/ 1	Comparative study of Honey, Papaya and Pyvodine-iodine dressings in treating Grade I & II Diabetic Foot Ulcers
2.	Dr. Muhammad Waqar 2021-22	Dr. Akhtar Mahboob Associate Professor of General Surgery Sahiwal Medical College, Sahiwal.	2-May-24/ 1	Comparison of iv lignocaine vs opioids in postoperative ileus and hemodynamic stability in elective surgery
3.	Dr. Sehrish Khalid 2021-22	Dr. Muhammad Rizwan Anwar Associate Professor of General Surgery D.G Khan Medical College, Dera Ghazi Khan	2-May-24/ 1	Comparison of outcomes of laser ablation versus fistulectomy in patients of simple perianal fistula
4.	Dr. Usman Bari 2014		2-May-24/ 1	Comparative study of outcomes of laser hemorrhoidoplasty and open hemorrhoidectomy for the treatment of hemorrhoids
5.	Dr. Aisha Siddiqa 2018-19		3-May-24/ 1	Comparison of post-operative port site pain when gall bladder is retrieved from umbilical port versus epigastric port following laparoscopic cholecystectomy
6.	Dr. Laiba Ali 2022-23	Dr. Muhammad Anwar Assistant Professor of General Surgery Quaid e Azam Medical College, Bahawalpur.	6-May-24/ 1	Comparison of surgical site wound infection & bile spillage between conventional bag extraction vs direct extraction in laparoscopic cholecystectomy
7.	Dr. Saba Fatima 2022-23		19-Apr-24/ 1	Comparison of wound and postoperative pain between marsupialization vs lay open technique in fisulotomy in low lying perianal fistula

8.	Dr. Nauman Sattar 2021-22	Dr. Zahid Sattar Associate Professor of General Surgery Sahiwal Medical College, Sahiwal	9-May-24/ 1	Comparison of outcomes of diathermy versus steel scalpel for skin incision in inguinal hernia repair in terms of post-operative pain and wound infection
9.	Dr. Muhammad Hassan Abbas 2021-22	Prof. Qamar Ashfaq Ahmad Professor of General Surgery Postgraduate Medical College, Lahore	9-May-24/ 1	Comparative study between compression dressing alone vs compression dressing coupled with ultrasound guided foam sclerotherapy for chronic venous ulcers
10.	Dr. Jawad Hussain 2021-22	Prof. M Masood Ur Rauf Khan Hiraj Professor of General Surgery Nishtar Medical University, Multan	10-May-24/ 1	Comparison of outcome of primary repair versus t-tube placement in the management of choledocholithiasis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 26th July, 2024** at **09:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting.

AGENDA

Sr. #	Name of Candidate	Supervisor	Date/Number of Submission	Title
	Dr. Zarnab Younis Rana 2019-20	Dr. Rana Akhtar Mahboob Associate Professor of General Surgery Sahiwal Medical College, Sahiwal	22-May-24/ 2	Comparative study post operative outcome in patients with suture less hemorrhoidectomy V/S patients with conventional ferguson hemorrhoidectomy
2.	Dr. Hareem Zafar 2022-23	Dr. Faisal Shabbir Assistant Professor of General Surgery Gujranwala Medical College, Gujranwala	24-May-24/ 1	Comparison of outcome of desarda's repair versus daring's repair in emergency surgery
3.	Dr. Uzma Azam 2021-22	Dr. Asiya Shabbir Assistant Professor of General Surgery Quaid-e-Azam Medical College, Bahawalpur	31-May-24/ 1	Comparison of frequency of surgical site infection after laparoscopic cholecystectomy with bile spillage versus without bile spillage

4.	Dr. Ayesha Ghafoor 2022-23	Professor. Muhammad Waris Farooka Professor of General Surgery Services Institute, of Medical Sciences, Lahore	3-Jun-24/ 1	Comparison of axillary drain output in harmonic scalpal versus conventional axillary dissection for breast cancer
5.	Dr. Hafiz Rana Kamran Ijaz 2020-21	Professor Muhammad Kamran Ch. Professor of General Surgery Allama Iqbal Medical College, Lahore	5-Jun-24/ 1	Comparison of outcomes of open appendectomy with and without TAP Block
6.	Dr. Muhammad Bilal Khalid 2022-23	Dr. Muhammad Rizwan Anwar Assistant Professor of General Surgery D.G Khan Medical College, Dera Ghazi Khan	24-Jun-24/ 1	The Comparative study on endobage extraction versus direct extraction for retrieval of gallbladder in patients of calculous cholecystitis undergoing laparoscopic cholecystectomy
7.	Dr. Sadaqat Faiz 2022-23	Dr. Hafiz Muhammad Amjad Assistant Professor of General Surgery Sahiwal Medical College, Sahiwal	24-Jun-24/ 1	Comparative study of intersphincteric ligation versus conventional fistulotomy in the treatment low lying transsphincteric fistula
8.	Dr. Aimen Ausaf 2019-20	Dr. Hafiz Muhammad Amjad Assistant Professor of General Surgery Sahiwal Medical College, Sahiwal	20-Jun-24/ 1	Comparative study of 3-stitch mesh hernioplasty with conventional lichtenstein repair
9.	Dr. Mustahsan Mahmood 2019-20	Dr. Waseem Sadiq Awan Associate Professor of General Surgery Sargodha Medical College, Sargodha	9-Jul-24 / 2	Comparison of post-operative outcome in patients undergoing reading man flap vs limberg flap operation of pilonidal sinus
10.	Dr. Muhammad Arslan 2019-20	Professor of Masood Ur Rauf Hiraj Professor of General Surgery Nishtar Medical University, Multan	25-Jun-24 / 01	A Comparison of ligasure and harmonic scalpel in thyroidectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 12th January 2024 at 10:00 A.M. in R&D Centre, University of Health Sciences, Lahore.** Followings are requested to please participate in the meeting;

AGENDA

Sr. #	Name of Candidate	Supervisor	Date of Submission	Title
	Dr. Bazat Mumtaz Zahra (Revised) (2019-20)	Prof. Muhammad Tariq Ghafoor Sheikh Zayed Medical College, Rahim Yar Khan	First Submission 21-Feb-2022 Latest Submission 22-March-2023	Comparison of drain output in total hydroidectomy with and without intravenous tranexamic acid
2.	Dr. Sajjad Ahmed (Revised) (2019-20)	Prof. Muhammad Masood ur Rauf Khan Nishtar Medical University, Multan	First Submission 07-March-2023 Latest Submission 15-Sep-2023	Comparison of crystallized phenol application and the karydakis flap technique in the treatment of sacrococcygeally localized pilonidal sinus disease
3.	Dr. Rana Sikandar Iqbal (Revised) (2020-21)	Dr. Ahmad Naeem Akhtar Assistant Professor Postgraduate Medical Institute, Lahore	First Submission 13-March-2023 Last Submission 03-Nov-2023	Comparative study between anocutaneous advancement flap with lateral internal sphincterotomy vs conventional lateral internal sphincterotomy for chronic anal fissure
4.	Dr. Mustahsan Mahmood (2019-20)	Dr. Waseem Sadiq Awan Sargodha Medical College, Sargodha	19-Jun-2023	Comparison of wound infection in primary versus delayed primary wound closure of laparotomy wounds for duodenal ulcer performance
5.	Dr. Abdul Samad (2018-19)	Prof. Ajmal Farooq Postgraduate Medical Institute, Lahore	19-Jul-2023	Comparative study between open versus laparoscopic modified graham's repair of perforated anterior wall duodenal ulcer
6.	Dr. Asma Aslam (2022-23)	Dr. Ahmad Hassan Khan Sargodha Medical College, Sargodha	02-Aug-2023	Comparison of vacuum assisted closure versus conventional wound dressings of infected wounds of lower limb

7.	Dr. Aiman Abid (2021-22)	Dr. Khalid Mehmood Assistant Professor of General Surgery Sargodha Medical College, Sargodha	02-Aug-2023	An open label, randomized, comparative study of lysine cream with standard therapy in the management of grade 2 diabetic ulcer using betes jensen wound assessment too!
8.	Dr. Aisha Siddiqa (2018-19)	Dr. Majeed ullah Buzdar DG Khan Medical College, Dera Ghazi Khan	10-Aug-2023	Initially elevated blood lactate levels as predictor of poor outcomes in severe acute pancreatitis
9.	Dr. Ismail Hassan (2020-21)	Prof. Yasin Rafi Prof of General Surgery Services Institute of Medical Sciences, Lahore	28-Aug-2023	Comparison of effectiveness of USG Guided pigtail catheterisation vs. open drainage in the management of liver abscess
10	Dr. Zainab Batool (2019-20)	Prof. Muhammad Masood ur Rauf Khan Nishtar Medical University, Multan	15-Sep-2023	Comparison of post-operative port site infection when gall bladder is retrieved from umbilical port vs epigastric port following laparoscopic cholecystectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Monday, 11th March, 2024** at **10:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

AGENDA

Sr. #	Name of Candidate	Supervisor	Number of Submission	Title
	Dr. Muhammad Ehsan Ullah Danish (2019-20)	Prof. Naveed Jabbar Bandesha Chairman Department of Surgery & Allied Sargodha Medical College, Sargodha	1	Comparison of subcutaneous drain versus no drain in emergency laparotomies with peritonitis regarding wound healing.

2.	Dr. Syed Ali Raza (2018-19)	Prof. Zahid Sattar Professor of surgery Sahiwal Medical College Sahiwal	2	Comparing the efficacy of normal saline dressing with vacuum assisted closure for the management of necrotizing fasciitis in adults
3.	Dr. Bazat Mumtaz Zahra (2019-20)	Prof. Muhammad Tariq Ghafoor Sheikh Zayed Hospital, Rahim Yar Khan	2	Comparison on safety and efficacy of topical application of 0.2% glyceryl trinitrate and 2% diltiazem on anal fissures.
4.	Dr. Sajjad Ahmad (2019-20)	Prof. Muhammad Masood ur Rauf Khan Head of Department Nishtar Hospital Multan	2	comparison of surgical outcome in near total thyroidectomy for multinodular goiter with ligasure vessel sealer versus conventional suture knot techniques
5.	Dr. Abdul Samad (2019-20)	Prof. Ajmal Farooq Head of Surgery Department Postgraduate Medical Institute Lahore.	1	Comparative study between open versus laparoscopic modified graham's repair of perforated anterior wall duodenal ulcer
6.	Dr. Shanza Ahmad (2021-22)	Prof. Naveed Akhtar Professor of General Surgery Nishtar Hospital Multan	1	Comparison of efficacy in terms of healing of topical timolol versus simple normal saline dressing among patients presenting with diabetic foot ulcer at a tertiary care hospital
7.	Dr. Zarnab Younis Rana (2019-20)	Dr. Rana Akhtar Mahboob Associate Professor Department of Surgery Sahiwal Medical College Sahiwal	2	Comparative study post Op pain, wound infection, return to daily routine, hospital stay, Operative time in patients with suture less hemorrhoidectomy v/s patient with conventional ferguson hemorrhoidectomy
8.	Dr. Aisha Siddiq (2018-19)	Dr. Majeed Ullah Buzdar Head Of Department D.G Kahn Medical College D.G. Khan	1	Initially elevated blood lactate levels as predictor of poor outcomes in severe acute pancreatitis
9.	Dr. Zainab Batool (2019-20)	Prof. Muhammad Masood Ur Rauf Khan Head of Department Nishtar Hospital Multan	1	A comparison of post-operative port site infection when gall bladder is retrieved from umbilical port vs epigastric port following laparoscopic cholecystectomy
10.	Dr. Mustahsan Mahmood (2019-20)	Dr. Waseem Sadiq Awan Department of General Surgery Sargodha Medical College Sargodha	1	Comparison of wound infection in primary versus delayed primary wound closure of laparotomy wounds for duodenal ulcer perforation

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Friday, 7th June, 2024** at **09:00 A.M. in** University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

AGENDA

Sr. #	Name Candidate of	Supervisor	Date/Number of Submission	Title
1.	Dr. Samreena Hanif 2022-23	Dr. Rizwan Anwar Associate Professor Department of General Surgery, D.G. Khan Medical College, Dera Ghazi Khan	14-Mar-24/ 1	Comparision of surgical outcome of laparoscopic cholecystectomy versus open cholecystectomy in obese patients
2.	Dr. Uzma Afzal 2022-23	Professor Dr. Muhammad Ishaque Khan Department of Surgery Quaid e Azam Medical College, Bahawalpur.	15-Mar-24/ 1	Comparison of outcome of low pressure versus standard pressure pneumoperitoneum in laparoscopic appendectomy
3.	Dr. Ghulam Dastgeer 2022-23		1-Apr-24/ 2	Comparison of outcome with ERAS protocol vs standard protocol in Typhoid Interstinal Perforation in emergency setting randomized clinical trial (RCT) in BVH, Bahawalpur.
4.	Dr. Kamran Malik 2022-23	Professor Dr. Farooq Ahmad Rana Head of Department Allama Iqbal Medical College, Lahore.	19-Mar-24 1	Comparison of laser hemorrhoidoplasty vs conventional milligan morgan hemorrhoidectomy a randomized control trial
5.	Dr. Asif Nawaz 2020-21	Dr. Muhammad Younas Assistant Professor of Surgery Nishtar Medical University, Multan	4-Apr-24 1	Comparison of sutures versus N-butyl 2-cyanoacrylate glue for mesh fixation during primary inguinal hernia repair

6.	Dr. Ejaz Ahmad Khan 2018-19	Dr. Muhammad Anwar Associate Professor of Surgery Quaid e Azam Medical University Bahawalpur.	21-Feb-24/ 2	Comparison of Seroma formation after paraumbilical hernia repair with and without flap fixation
7.	Dr. Nimra Ayub 2022-23	Dr. Waseem Sadiq Awan Associate Professor of Surgery Sargodha Medical College, Sargodha.	19-Apr-24/ 2	Comparison of Desarda repair and lichtenstein mesh repair for primary inguinal hernia in term of post-operative pain
8.	Dr. Ayesha Zulfiqar 2022-23	Dr. Asiya Shabbir Assistant Professor of Surgery Quaid e Azam Medical College, Bahawalpur.	25-Apr-24/ 2	Comparison of Post-operative complication of obstructed paraumbilical hernia repair with or without subcutaneous drain
9.	Dr. Afia Jari 2022-23	Dr. Malik Nazar Farid Assistant Professor of Surgery D.G. Khan Medical College, Dera Ghazi Khan.	25-Apr-24 / 1	Comparison of the outcomes of umbilical por-site herniation with and without fascia closure in postoperative patients of laparoscopic cholecystectomy
10.	Dr. Rabia Azam 2022-23	Professor Dr. Muhammad Nadeem Aslam Professor of Surgery Service Institute of Medical Sciences, Lahore	25-Apr-24 / 1	Comparison of diagnostic accuracy of appendicitis inflammatory response score and alvarado score in diagnosis of acute appendicitis taking histopathology as Gold standard

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of Speciality Advisory Committee in **General Surgery** for review of MS synopses to be held on **Monday, 6th May, 2024** at **10:00 A.M.** in University of Health Sciences, Lahore. Followings are requested to please participate in the meeting;

Sr. #	Name of Candidate	Supervisor	Date/Number of Submission	Title
	Dr. Umair Bin Nasir 2012-13	Prof. Dr. Ajmal Farooq Professor of Surgery Department Postgraduate Medical Institute Lahore	6-Feb-24/ 1	Comparative study of stab avulsion versus foam sclerotherapy for below knee varicosities in varicose veins

2.	Dr. Moazzam Ali 2022-23	Dr. Muhammad Imran Khokhar Associate Professor of Department Surgery Gujranwala Medical College, Gujranwala	6-Feb-24/ 1	Comparative study between handmade extracorporeal knotting versus hem-o lok clip for stump closure in laparoscopic appendectomy
3.	Dr. Muhammad Faiq 2021-22	Prof. Dr. M. Waris Farooka Professor of Surgery Services Institute of Medical Sciences, Lahore	12-Mar-24/ 1	Effect of vacuum assisted dressings and simple dressings on wound healing in contaminated wounds, A comparative study in public sector hospitals
4.	Dr. Raza Mahmood 2020-21	Prof. Dr. Amna Javed Moeen Professor of Surgery Postgraduate Medical Institute, Lahore	27-Feb-24/ 1	Comparative study between outcome of ligasure hemorrhoidectomy and conventional milligan morgan hemorrhoidectomy in grade 3 & 4 hemorrhoids
5.	Dr. Asma Manzoor 2021-22	Professor Dr. Muhammad Nadeem Aslam Professor of Surgery Department Services Institute of Medical Sciences, Lahore.	28-Feb-24/ 1	A comparative study between local application of diltiazem cream 2% and gtn cream 0.2% for the treatment of acute anal fissure
6.	Dr. Sobia Farooq 2014-15	Prof. Naveed Akhtar Professor of General Surgery Nishtar Medical University, Multan.	21-Feb-24/ 1	Comparison of primary repair vs sublay mesh placement in ileostomy reversal patients in terms of incisional hernia
7.	Dr. Muhammad Bilal Khalid 2022-23	Dr. Muhammad Rizwan Anwar Assistant Professor of General Surgery D.G. Khan Medical College, Dera Ghazi Khan	30-Jan-24/ 2	The comparative study of enbodbag extraction versus direct extraction for retrieval of gallbladder in laparoscopic cholecystectomy
8.	Dr. Rabiya Annum 2019-20	Professor Dr. Yaseen Rafi Professor of Surgery Postgraduate Medical Institute, Lahore.	3-Jan-23/ 2	Comparison between mesh rectopexy and suture rectopexy in rectal prolapse
9.	Dr. Sadaqat Faiz 2022-23	Dr. Hafiz Muhammad Amjad Assistant Professor Sahiwal Medical College, Sahiwal.	23-Jan-24/ 1	Comparative study of intersphincteric ligation versus conventional fistulotomy in the treatment of transsphincteric fistula
10	Dr. Muhammad Fawad Umer 2021-22	Professor Dr. Farooq Ahmad Rana Professor of Surgery Allama Iqbal Medical College, Lahore.	6-Feb-24/ 1	Efficacy of papaya dressing versus normal saline dressing in wound healing in patients with post exploratory laparotomy partial wound dehiscence

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Thursday, 1st December 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1	Dr. Sehrish Irshad	Prof. Masood-ur-Rauf Hiraj Professor of General Surgery Nishtar Medical University/ Nishtar Medical University, Multan	comparison of outcome (In terms of Facial Nerve Injury) of extra-capsular Dissection versus superficial parotidectomy for the pleomorphic adenoma of parotid at a Tertiary Care Hospital
2	Dr. Annam Khalid (Revised)	Prof. Naveed Akhtar Professor of General Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparative study of outcomes of laparoscopic IPOM versus Open Sublay Technique for elective paraumbilical hernia repair
3	Dr. Umer Shareef	Dr. Muhammad Ishaque Khan Associate Professor of General Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison between verses needle closed technique verses open technique in laparoscopic cholecystectomy in Bahawal Victoria Hospital Bahawalpur
4	Dr. Muhammad Akhter		A comparative study of Alvarado's Score versus RIPASA Score in diagnosis of acute appendicitis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Thursday, 1st December 2022** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Amna Abdul Karim	Prof. Muhammad Hassan Abbas Professor of Surgery Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of outcome of early Ileostomy reversal on same admission vs late reversal after 3 months in typhoid perforation; In term of frequency of complications (Infection & Anastomosis leakage) Quality of life (QoL) and length of hospitalization (LoH)
2.	Dr. Dur-e-Zahra	Prof. Yaseen Rafi Professor of Surgery Services Institute of Medical Sciences/ Services Hospital, Lahore	Outcomes after tumescence technique versus electrocautery mastectomy In terms of operation during drain output pain score hospital stay wound infection and flap necrosis
3.	Dr. Umair Mustafa (Revised)	Prof. Dr. Afsar Ali Bhatti Professor of Surgery Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparison study between laparoscopic versus open surgery for liver hydatid cyst
4.	Dr. Hira Shahid	Dr. Shahzad Bashir Associate Professor of Surgery Khawaja Muhammad Safdar Medical College/ Allama Iqbal Memorial Teaching Hospital, Sialkot	Comparison of outcome of open versus loop drainage in females with breast abscess

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 3rd November 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Gohar Ashfaq	Prof. Muhammad Sajid shaikh Professor of Surgery Faisalabad Medical University/Allied Hospital, Faisalabad	comparison of elevation of liver enzymes after laparoscopic cholecystectomy at different gas pressures (Gold standard pressure 14 mmhg vs low gas pressure 10 mmhg)
2.	Dr. Shahid Fareed Farooqi	Prof. Javaid Iqbal Professor of Surgery Faisalabad Medical University/Allied Hospital, Faisalabad	Comparison of post-operative outcomes in same admission vs. delayed laparoscopic cholecystectomy for acute cholecystitis
3.	Dr. Ahsan Waris	Prof. Habib Qadir Professor of Surgery Gujranwala Medical College/ DHQ Hospital, Gujranwala	Comparative study of desarda repair and Lichtenstein (mesh) repair for inguinal hernia
4.	Dr. Sidra Afzal	Dr. Shahzad Bashir Associate Professor of Surgery Khawaja Muhammad Safdar Medical College/Allama Iqbal Memorial Teaching Hospital, Sialkot	A comparison of outcome of open versus closed lateral sphincterotomy in chronic anal fissures
5.	Dr. Asim Ali	Prof. Imran Amin Professor of Surgery Gujranwala Medical College/ DHQ Hospital, Gujranwala	Comparison of outcome of excision with primary closure and rhomboid excision with limberg flap repair in primary sacrococcygeal pilonidal sinus disease

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 3rd November 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Quratulain	Prof. Ahsan Nasim Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	Comparison of recurrence rate in total matricectomy with and without phenol ablation for ingrown toe nail
2.	Dr. Ammarah Safdar		Predictor of morbidity and mortality in acute pancreatitis: comparative analysis of BISAP & CTSI scoring system keeping RANSON'S as gold standard
3.	Dr. Ayesha Ashraf	Dr. Muhammad Sajid Hameed Ansari Associate Professor of Surgery DG Khan Medical College/DHQ Teaching Hospital, DG Khan	Comparison of outcomes of stoma closure with linear stapler versus conventional end-to-end anastomosis
4.	Dr. Waqar Hussain		Comparison of frequency of bile leakage in patients undergoing laparoscopic cholecystectomy for acute cholecystitis using titanium clips versus suture ligation of cystic duct
5.	Dr. Iqra Bukhari	Dr. Imran Khokhar Associate Professor of Surgery Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparative study between patients undergoing Karydakis procedure versus treatment with crystallized phenol in patients with sacrococcygeal pilonidal sinus disease

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 3rd November 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Hanif	Prof. Muhammad Idress Anwar Professor of Surgery Rawalpindi Medical University/Holy Family Hospital, Rawalpindi	Comparison of dissection with Harmonic Scalpel versus electrocautery in modified radical mastectomy in terms of mean operative blood loss and seroma formation
2.	Dr. Hassan Iqbal	Dr. Rizwan Anwar Assistant Professor of Surgery DG Khan Medical College/DHQ Teaching Hospital, DG Khan	Comparison of fine needle aspiration cytology (FNAC) and tru-cut biopsy in evaluation of suspicious palpable breast lesion in DHQ Teaching Hospital Dera Ghazi Khan/Punjab (Pakistan)
3.	Dr. Muhammad Saqib	Prof. Afsar Ali Bhatti Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital, Lahore	Comparison between laparoscopic versus open cholecystectomy for high grades of Parkland grading system
4.	Dr. Ghulam Murtaza	Prof. Muhammad Hassan Abbas Professor of Surgery Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of outcome of open versus laparoscopic appendectomy in surgical treatment of acute appendicitis
5.	Dr. Amna Abdul Karim		Postoperative bleeding complication of laparoscopic cholecystectomy at Sheikh Zayed Hospital, Rahim Yar Khan

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Wednesday, 3rd November 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Muhammad Zahid Abbas	Prof. Muhammad Masood Raouf Professor of Surgery Nishtar Medical University/Nishtar Hospital, Multan	Comparison of clipless laparoscopic cholecystectomy versus conventional laparoscopic cholecystectomy in patients with cholelithiasis
2.	Dr. Muhammad Abu Baker		Comparison of the incidence of postoperative hypocalcemia after subtotal and total thyroidectomy in female patients
3.	Dr. Muhammad Naeem Akhtar		Comparison of stapled hemorrhoidopexy vs Milligan Morgan haemorrhoidectomy for the management of grade-III and grade-IV hemorrhoids
4.	Dr. Attaullah	Prof. Haroon Javaid Majid Professor of Surgery Federal Postgraduate Medical Institute/Shaiikh Zayed Hospital, Lahore	Comparison of outcome in modified radical mastectomy using ligasure and conventional monopolar diathermy
5.	Dr. Musfra Maham	Prof. Farooq Ahmad Rana Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	Comparison of efficacy of pectoral nerve block-1 vs modified pectoral block 2 in MRM (modified radical mastectomy) in terms of post-operative pain and analgesia requirement.

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery** to be held on **Wednesday, 5th January 2022 at 12:00 noon.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Bilal (Revised)	Prof. Waris Farooka Professor of Surgery Services Institute of Medical Sciences/ Service Hospital, Lahore	Comparison between outcomes of early laparoscopic cholecystectomy versus delayed laparoscopic cholecystectomy in mild to moderate acute biliary pancreatitis
2.	Dr. Muhammad Wajahat Ali Khan	Dr. Rana Akhtar Mahboob Associate Professor of Surgery Sahiwal Medical College/ DHQ Teaching Hospital, Sahiwal	Comparison of outcome between Desarda's and Lichtenstein mesh hernioplasty
3.	Dr. Mubeen Fatima (Revised)	Dr. Abid Nazir Associate Professor of Surgery Nawaz Sharif Medical College/ Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Comparison of negative suction drainage versus standard incision for the treatment of breast abscess: A quasi experimental study
4.	Dr. Muhammad Abu Baker (Revised)	Prof. Muhammad Masood Ur Raouf Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of post-operative complications after near total thyroidectomy versus total thyroidectomy
5.	Dr. Muhammad Bilal	Prof. Naveed Akhtar Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of postoperative pain in conventional Lichtenstein repair vs Desarda repair in inguinal hernia

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 11th August 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Bushra Ashraf	Prof. Muhammad Farooq Afzal Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital Lahore	Comparison of antibiotic therapy versus appendectomy in patients with acute appendicitis in terms of efficacy
2.	Dr. Israr Saeed Ghuman	Prof. Imran Amin Professor of Surgery Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparison of outcome in total thyroidectomy using ultrasonic energy device versus conventional methods (Clamp and tie, electrocautery) for haemostasis
3.	Dr. Muhammad Shoaib Shakir	Prof. Naveed Jabbar Bandesha Professor of Surgery Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of spontaneous drain versus no drain in emergency laparotomies with peritonitis regarding wound healing
4.	Dr. Muhammad Waqas Saleem		Predictive value of raised c-reactive protein as an indicator for surgical intervention in acute appendicitis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 11th August 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Samina Shabbir	Prof. Ajmal Farooq Professor of Surgery Postgraduate Medical Institute/Lahore general Hospital, Lahore	Comparative study between onlay mesh hernioplasty vs sublay mesh hernioplasty in para umbilical hernia
2.	Dr. Muhammad Yousaf Aziz	Prof. Muhammad Ishaque Khan Professor of Surgery Quaid-e-Azam Medical College /Bahawal Victoria Hospital, Bahawalpur	Comparison of open appendicectomy versus laparoscopic appendicectomy in obese patients
3.	Dr. Muhammad Iqbal	Dr. Muzafar Aziz Associate Professor of Surgery Nishtar Medical University/Nishtar Hospital, Multan	Comparison of outcome of harmonic scalpel versus conventional haemostasis in patients undergoing total thyroidectomy at a tertiary care hospital
4.	Dr. Iqra Hanif	Prof. Khalid Hussain Qureshi Professor of Surgery Nishtar Medical University/Nishtar Hospital, Multan	Comparative study of surgical site infection in clean surgical procedure in diabetic and non-diabetic patient

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 11th August, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Dr. Muhammad Abid Ali	Prof. Wasim Hayat Khan Professor of Surgery Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison of low pressure versus standard pressure pneumoperitoneum for elective laparoscopic cholecystectomy in Tertiary Care Services Hospital, Lahore
Dr. Sania Subhani	Prof. Ahsan Ur Rehman Associate Professor of Surgery Nishtar Medical University/Nishtar Hospital Multan	Comparison of the outcome of closed lateral internal sphincterotomy versus open lateral sphincterotomy in patients with chronic anal fissure
Dr. Hafiza Qaria Iqra Younus	Dr. Ahsan Ur Rehman Associate Professor of Surgery Nishtar Medical University/Nishtar Hospital Multan	Comparison of outcome of incision and drainage versus multiple aspirations under antibiotic cover in patients with breast abscess
Dr. Sadia Safaq	Dr. Ahsan Ur Rehman Associate Professor of Surgery Nishtar Medical University/Nishtar Hospital Multan	Outcome of Breast Conservative Surgery (BCS) with total mastectomy in breast cancer patients

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Wednesday, 11th August 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Tayyib Nasim	Prof. Farooq Ahmad Rana Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital Lahore	Comparison of outcome of laparoscopic guided transverse abdominal plane block versus port site infiltration in laparoscopic cholecystectomy
2.	Dr. Muhammad Bilal Ahmad	Dr. Abdul Rehman Alvi Chief Consultant Surgeon, DHQ Teaching Hospital, Gujranwala	Comparison of ultrasound guided aspiration against incision and drainage for the treatment of breast abscess
3.	Dr. Maimoona Munazza	Prof. Naveed Akhtar Professor Of Surgery, Nishtar Medical University/Nishtar Hospital, Multan	Comparison of outcome of clipless laparoscopic cholecystectomy using ligasure versus clipped laparoscopic cholecystectomy in patients with cholelithiasis
4.	Dr. Sarfraz Mahmood	Prof. Muhammad Zakir Sial Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	Comparative clinical outcome of fistulotomy versus fistulectomy in low perianal fistula in tertiary care hospital

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 12th October 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1	Dr. Muhammad Azeem Mir (Revised)	Prof. Munawar Jamil Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparative analysis in the usage of the ultrasonic harmonic scalpel versus electrocautery in open haemorrhoidectomy
2	Dr. Muzamil Hazoor Malik		Comparison of outcome of laparoscopic appendectomy versus open appendectomy in perforated appendix
3	Dr. Amir Rasool (Revised)	Prof. Muhammad Ishaque Khan Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of papaya & eusol (Edinburgh University Solution) dressing in management of diabetic foot ulcer
4	Dr. Haider Ali	Prof. Muhammad Faisal Bilal Lodhi Professor of General Surgery Faisalabad Medical University/Allied Hospital, Faisalabad	The role of drain placement after laparoscopic cholecystectomy in acute cholecystitis. Does it offer any advantage?
5	Dr. Khuram Bilal		Early oral feeding compared with traditional postoperative care in patients undergoing emergency abdominal surgery for perforated duodenal ulcer

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 12th October 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Muzammal Javed	Dr. Allah Nawaz Asst. Professor of Surgery Sargodha Medical College/ DHQ Hospital, Sargodha	Comparison of laparoscopic cholecystectomy in obese and non-obese patients with cholelithiasis
2.	Dr. Ali Nawaz (Revised)	Dr. Hafiz Muhammad Amjad Asst. Professor of Surgery Sahiwal medical College/ DHQ Teaching Hospital, Sahiwal	Comparison of colonic injury with primary repair alone vs primary repair with proximal ileostomy
3.	Dr. Muhammad Salman Khan (Revised)	Dr. Muhammad Farrukh Aftab Asst. Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of biliary leakage between laparoscopic versus open surgery of liver hydatid cyst: A randomized controlled trial
4.	Dr. Muhammad Naveed (Revised)	Prof. Naveed Akhtar Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of karydakis technique versus primary repair in treatment of pilonidal sinus
5.	Dr. Maimoona Munazza (Revised)		Comparison of conventional laparoscopic cholecystectomy using (clips and monopolar diathermy) and clipless laparoscopic cholecystectomy using ligasure

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 12th October 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Anyatullah (Revised)	Prof. Tariq Ghafoor Professor of Surgery Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of no antibiotic versus antibiotic prophylaxis in patients undergoing elective laparoscopic cholecystectomy
2.	Dr. Muhammad Khurram Shahzad	Prof. Wasim Hayat Khan Professor of Surgery Services Institute of Medical Sciences/ Services Hospital, Lahore	Comparison between Karydakis flap with compressing the tie over interrupted sutures without drain vs standard Karydakis procedure with drain for treatment of sacrococcygeal pilonidal sinus
3.	Dr. Muhammad Shoaib Amjad	Prof. Ajmal Farooq Professor of Surgery Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparison of outcome of main trunk versus branch ligation of inferior thyroid artery in total thyroidectomies
4.	Dr. Aasfa Ashfaq	Prof. Amna Javed Moeen Professor of Surgery Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparative study of outcome between autologous platelet rich plasma versus regular sterile dressing in patients with chronic non healing ulcers

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 14th July 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Mujahid Ahmed	Prof. Habib Qadir Professor of Surgery Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparison of closed versus open haemorrhoidectomy in patients with haemorrhoids
2.	Dr. Muhammad Amjad Ali	Prof. Farooq Afzal Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital Lahore	Comparison between primary closures with Kardakis technique vs open procedure in treatment of pilonidal sinus in term of frequency of postoperative wound infection
3.	Dr. Hasnat Hassan	Dr. Amna Javed Associate Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital Lahore	The comparative study of outcome between Lichtenstein mesh repair vs Desarda's repair in direct inguinal hernia
4.	Dr. Ammara Aslam	Prof. Sikandar Hayat Gondal Professor of Surgery Lahore	Comparative study retrieval of gall bladder in laparoscopic cholecystectomy from umbilical versus epigastric port

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 14th July, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Aqsa Sajjad Bhatti	Prof. Munawar Jamil Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of post-operative pain after third degree hemorrhoidectomy with ligasure v/s hemorrhoidectomy with electro cautery
2.	Dr. Shakil Ahmad	Prof. Muhammad Ishaq Khan Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison between stapled hemorrhoidectomy (Procedure for Prolapse and Hemorrhoids- PPH) vs open hemorrhoidectomy in third degree hemorrhoids
3.	Dr. Muhammad Shahid Khan	Dr. Umair Ahmed Associate Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of outcome of Trans Abdominal Pre Peritoneal (TAPP) vs open inguinal hernia mesh repair
4.	Dr. Aroona Arif		Comparison of recurrence rate of incision and drainage vs multiple percutaneous needle aspiration for breast abscess management

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 14th July, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Dr. Abdus Salam	Prof. Naveed Jabbar Bandesha Professor of Surgery Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of outcomes of ligation versus conventional electrocautery in modified radical mastectomy for carcinoma of breast
Dr. Muhammad Luqman Sadiq	Prof. Zahid Sattar Professor of Surgery Sahiwal Medical College/DHQ Teaching Hospital, Sahiwal	Comparison of stoma formation versus primary repair for enteric perforation
Dr. Muhammad Abubakar Rizwan	Prof. Muhammad Ateeq Professor of Surgery Nawaz Sharif Medical College/Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Comparative study of RIPASA and modified Alvarado scoring system for the diagnosis of acute appendicitis
Dr. Amna Shafi	Prof. Ansar Latif Professor of Surgery Khawaja Muhammad Safdar Medical College/ Allama Iqbal Teaching Hospital Sialkot	A comparative study of laparoscopic versus open appendectomy obese patients

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Wednesday, 14th July, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Arslan Ishtiaq	Prof. Haroon Javaid Majid Professor of Surgery Shaikh Zayed Postgraduate Medical Institute/Shaiikh Zayed Hospital, Lahore	Comparison of effect of warm saline irrigation versus negative gas suction on severe postoperative pain in patients of laparoscopic cholecystectomy
2.	Dr. Khushbakht Ali Khan	Dr. Ahsan Nasim Associate Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	DG-HAL (Doppler guided-Haemorrhoidal Artery Ligation) versus closed haemorrhoidectomy: A comparative study
3.	Dr. Irfan Nabi Khan		Wound healing in diabetic foot patients with and without PRP (Platelet Rich Plasma) dressing
4.	Dr. Muhammad Ammar Fayyaz	Prof. Farooq Ahmad Rana Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital Lahore	Comparison between enhanced view total extra-peritoneal retro-muscular(eTEP) approach versus Intraperitoneal Onlay Mesh (IPOM) for ventral hernia repair

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Thursday, 15th June 2023** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Aftab Iqbal Syal (Revised)	Prof. Imran Ameen Professor of General Surgery Gujranwala Medical College, Gujranwala	Comparative study of needle assisted laparoscopic repair vs open repair of inguinal hernia in paediatric population
2.	Dr. Zainab Ashiq (Revised)	Prof. Muhammad Ishaque Khan Professor of General Surgery Quaid-e-Azam Medical College, Bahawalpur	Comparison of stapled versus non stapled anastomosis in the surgeries of patients with gastrointestinal tract malignancies in term of post-surgical outcome at Bahawal Victoria Hospital Bahawalpur
3.	Dr. Taskeen Faisal	Prof. Munawar Jamil Professor of General Surgery Quaid-e-Azam Medical College, Bahawalpur	Comparison of harmonic scalpel vs monopolar electrocautery for gallbladder dissection during laparoscopic cholecystectomy
4.	Dr. Bazat Mumtaz Zahra	Dr. Muhammad Tariq Ghafoor Associate Professor of General Surgery Sheikh Zayed Medical College, Rahim Yar Khan	Comparison of mean operative time, gall bladder perforation and post operative pain by monopolar cautery versus harmonic scalpel in laparoscopic cholecystectomy
5.	Dr. Shanzay Shahid	Dr. Muhammad Hassan Abbas Associate Professor of General Surgery Sheikh Zayed Medical College, Rahim Yar Khan	Comparison of Alvarado score and Ohmann score in diagnosis of acute appendicitis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Thursday, 15th June 2023** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Saqib Jamal	Prof. Ch. Muhammad Kamran Professor of General Surgery Allama Iqbal Medical College, Lahore	Comparison of the outcome of Limberg flap vs rhomboid excision in patients with primary sacrococcygeal pilonidal sinus
2.	Dr. Muhammad Safeer-Ul-Islam		Comparison of outcome of wound with polypropylene suture versus skin stapler in clean contaminated surgery in terms of operative time, wound infection, dehiscence, cosmesis, and post-operative pain
3.	Dr. Adeel Naeem		Comparison of outcome of closed incision negative pressure wound therapy versus simple dressing after emergency laparotomy
4.	Dr. Ammar Asghar	Prof. Muhammad Zakir Sial Professor of General Surgery Allama Iqbal Medical College, Lahore	Comparison of vacuum assisted closure technique and Bogota bag closure in terms of wound healing and complications in patients with burst abdomen
5.	Dr. Rana Sikandar Iqbal	Dr. Ahmed Naeem Akhtar Assistant Professor of General Surgery Postgraduate Medical Institute, Lahore	Comparative study between anocutaneous advancement flap with lateral internal sphincterotomy vs conventional lateral internal sphincterotomy for chronic anal fissure
6.	Dr. Hafiz Usman Ali Safdar		Comparative study between fistulotomy vs platelets rich plasma (PRP) injection in treating fistula in ANO

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Thursday, 15th June 2023** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Ammara Noor (Revised)	Dr. Waseem Sadiq Awan Associate Professor of General Surgery Sargodha Medical College, Sargodha	Comparison of incision and drainage versus aspiration in management of breast abscess
2.	Dr. Ayesha Asif Dar (Revised)	Prof. Muhammad Ateeq Professor of General Surgery Nawaz Sharif Medical College, Gujrat	Thyroidectomy with and without drain
3.	Dr. Shoaib Aziz Rohili	Prof. Faisal Bilal Lodhi Professor of General Surgery Faisalabad Medical University, Faisalabad	Comparison of early surgical outcomes in Lichtenstien repair vs laparoscopic transabdominal preperitoneal (TAPP) repair in patients having uncomplicated inguinal hernia
4.	Dr. Wajid Iqbal	Prof. Dr. Ansar Latif Professor of General Surgery Khawaja Muhammad Safdar Medical College, Sialkot	Comparison of seroma formation in single vs double drains in modified radical mastectomy
5.	Dr. Muhammad Haneef		To study of diagnostic accuracy of FAST scan (focused assessment of sonography of trauma) in patient with blunt abdominal trauma using exploratory laparotomy as gold standard

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Thursday, 15th June 2023** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Warda Zahra	Dr. Muhammad Farrukh Aftab Associate Professor of General Surgery Nishtar Medical University, Multan	Comparison of outcome of intraumbilical incision versus periumbilical incision in laparoscopic cholecystectomy at a tertiary care hospital
2.	Dr. Muhammad Umair Ayaz		Comparison between surgical outcome of loop ileostomy and tube ileostomy and fecal diversion
3.	Dr. Sajjad Ahmad	Prof. Masood-ur-Rauf Khan Hiraj Professor of General Surgery Nishtar Medical University, Multan	Comparison of surgical outcome in near total thyroidectomy for multinodular goiter with ligasure vessel sealer versus conventional suture knot techniques
4.	Dr. Kamran Bashir	Prof. Naveed Akhtar Professor of General Surgery Nishtar Medical University, Multan	Comparison of outcome of fixating mesh with mechanical stapling device i.e. MESH stapler versus prolene suture in open inguinal hernia repair in terms of wound infection and operative time
5.	Dr. Muhammad Wamiq	Dr. Muhammad Younus Khan Assistant Professor of General Surgery Nishtar Medical University, Multan	Comparison of drain vs no drain in wide local excision in cosmetic outcome in breast cancer surgery

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Tuesday, 17th May 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1	Dr. Amir Rasool	Prof. Muhammad Ishaque Khan Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of Papaya & Povidone-iodine 10% W/V Dressing in management of Diabetic Foot ulcer
2	Dr. Muhammad Tabish Nisar	Dr. Umair Ahmad Associate Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	The efficacy of continuous infusion of Bupivacaine by drain placed in retro rectus space in exploratory laparotomy in comparison to conventional post operative opioids
3	Dr. Aqsa Sajjad Bhatti (Revised)	Prof. Munawar Jamil Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison between the usage and benefit of ligasure and electro cautery for third degree hemorrhoidectomy in terms of post op pain, bleeding, recurrence, hospital stay and operative time
4	Dr. Muhammad Muzammal Javed	Dr. Allah Nawaz Assistant Professor of General Surgery Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of Pain in Postoperative Patients with or without port site infiltration of INJ Bupivacaine in lapcholecystectomy
5	Dr. Waqas Mumtaz	Dr. Muhammad Maqsood Zahid Consultant Surgeon Nawaz Sharif Medical College, University of Gujrat/Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Herniotomy in less than one-year old child with and without opening the inguinal canal
6	Dr. Shahla Khanam	Dr. Rana Akhtar Mehboob Associate Professor of General Surgery Sahiwal Medical College/ Sahiwal Teaching Hospital, Sahiwal	Comparison of the outcome of lateral internal sphincterotomy with anal advancement flap in patients of chronic anal fissure
7	Dr. Zarnab Younis Rana	Dr. Rana Akhtar Mehboob Associate Professor of General Surgery Sahiwal Medical College/ Sahiwal Teaching Hospital, Sahiwal	Comparison of Success Rate of Glyceryltrinitate with Lateral Internal Sphincterotomy for the Treatment of Chronic Anal Fissure

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 16th February 2022** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Saad Bin Tahir (Revised)	Dr. Muhammad Umar Assistant Professor of Surgery Services Institute of Medical Sciences/ Service Hospital, Lahore	Comparison of wound healing of diabetic foot ulcer by autologous platelets rich plasma (APRP) Treatment Vs Normal saline dressing
2.	Dr. Muhammad Shoaib Shakir (Revised)	Dr. Ahmad Hassan Khan Associate Professor of Surgery Sargodha Medical College/ DHQ Teaching Hospital, Sargodha	Comparison of conventional versus ligasure haemorrhoidectomy for third and forth degree haemorrhoids
3.	Dr. Ali Muhammad Khan (Revised)	Dr. Muhammad Najam Iqbal Assistant Professor of Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison between harmonic focus scalpel vs conventional hemostatic techniques in thyroidectomy
4.	Dr. Muhammad Naeem Akhtar (Revised)	Prof. Muhammad Masood Ur Raouf Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of open Vs closed haemorrhoidectomy in third and forth degree hemorrhoids

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Tuesday, 17th May 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1	Dr. Amir Rasool	Prof. Muhammad Ishaque Khan Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of Papaya & Povidone-iodine 10% W/V Dressing in management of Diabetic Foot ulcer
2	Dr. Muhammad Tabish Nisar	Dr. Umair Ahmad Associate Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	The efficacy of continuous infusion of Bupivacaine by drain placed in retro rectus space in exploratory laparotomy in comparison to conventional post operative opioids
3	Dr. Aqsa Sajjad Bhatti (Revised)	Prof. Munawar Jamil Professor of General Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison between the usage and benefit of ligasure and electro cautery for third degree hemorrhoidectomy in terms of post op pain, bleeding, recurrence, hospital stay and operative time
4	Dr. Muhammad Muzammal Javed	Dr. Allah Nawaz Assistant Professor of General Surgery Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of Pain in Postoperative Patients with or without port site infiltration of INJ Bupivacaine in lapcholecystectomy
5	Dr. Waqas Mumtaz	Dr. Muhammad Maqsood Zahid Consultant Surgeon Nawaz Sharif Medical College, University of Gujrat/Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Herniotomy in less than one-year old child with and without opening the inguinal canal
6	Dr. Shahla Khanam	Dr. Rana Akhtar Mehboob Associate Professor of General Surgery Sahiwal Medical College/ Sahiwal Teaching Hospital, Sahiwal	Comparison of the outcome of lateral internal sphincterotomy with anal advancement flap in patients of chronic anal fissure
7	Dr. Zarnab Younis Rana		Comparison of success rate of glyceryltrinitate with lateral internal sphincterotomy for the treatment of chronic anal fissure

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Tuesday, 17th May 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Nadeem Ahmad (Revised)	Prof. Shahzad Bashir Professor of Surgery Khawaja Muhammad Safdar Medical College/Allama Iqbal Teaching Hospital, Sialkot	Comparison of post operative opioids requirements after using diclofenac suppository versus intravenous diclofenac sodium in patients with laparoscopy cholecystectomy
2.	Dr. Ammarah Safdar (Revised)	Prof. Ahsan Nasim Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	Comparative analysis of BISAP vs ranson for predicting mortality and morbidity in acute pancreatitis
3.	Dr. Quratulain (Revised)		Comparison of recurrence rate in partial nail avulsion with and without phenol ablation for advanced stage ingrown toenail
4.	Dr. Umar Saeed	Prof. Muhammad Zakir Sial Head, Department of Surgery Unit II Allama Iqbal Medical College/Jinnah Hospital, Lahore	Comparative Study between superficial parotidectomy and extracapsular resection in benign parotid tumor
5.	Dr. Hassan Iqbal	Prof. Farooq Afzal Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital, Lahore	Efficacy of topical phenytoin versus normal saline dressing in management of infected wounds
6.	Dr. Ali Tariq	Prof. Muhammad Rehman Gulzar Professor of Surgery Unit II Postgraduate Medical Institute/Lahore General Hospital, Lahore	Comparative study between karydakis technique versus open procedure technique in treatment of natal cleft pilonidal sinus.
7.	Dr. Saeed Anwer	Dr. Amna Javed Moeen Associate Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital, Lahore	Comparative study between ligasure (bipolar cautrey) vs conventional method for axillary dissection in modified redical mastectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Tuesday, 17th May 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Syed Zain Haider Kazmi	Prof. Wasim Hayat Khan Professor of Surgery Services Institute of Medical Sciences/Services Hospital, Lahore	To compare the dissection of gallbladder by ultrasonic hormonal scalpel versus electrocautery during laparoscopic cholecystectomy
2.	Dr. Bazat Mumtaz Zahra	Prof. Muhammad Tariq Ghafoor Professor of Surgery Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparison on safety and efficacy of topical application of 0.2% glyceryl trinitrate and 2% diltiazem on anal fissures
3.	Dr. Abdul Manan	Prof. Muhammad Azim Khan Professor of Surgery D.G. Khan medical College/DHQ Teaching Hospital, D.G. Khan	Role of Octreotide in the management of Acute Pancreatitis A Case Control Study
4.	Dr. Muhammad Sharif		Comparison of the Outcome of thyroidectomy in MNG patients with and without suction drains In DHQ Teaching Hospital D.G Khan Punjab
5.	Dr. Hassan Iqbal	Dr. Rizwan Anwar Assistant Professor of Surgery D.G. Khan medical College/DHQ Teaching Hospital, D.G. Khan	Comparison of Outcome of Harmonic Scalpel Thyroidectomy vs Conventional Haemostasis Thyroidectomy
6.	Dr. Kamran Kareem (Revised)	Dr. Mohammad Sajid Hameed Ansari Associatet Professor of Surgery D.G. Khan medical College/DHQ Teaching Hospital, D.G. Khan	A comparative study of outcome of skin staples versus proline sutures for mesh fixation in inguinal hernioplasty
7.	Dr. Afeefa Saeed		Comparison of excision and primary closure versus excision and open healing in surgical management of pilonidal sinus of natal cleft

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 18th January 2023** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1	Dr. Muhammad Yaqoob (Revised)	Prof. Masood-Ur-Rauf Hiraj Professor of General Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of vacuum assisted closure dressing versus conventional dressing in bed sores
2	Dr. Muhammad Sharif (Revised)	Prof. Muhammad Azim Khan Professor of General Surgery DG Khan Medical College/ DHQ Teaching Hospital, DG Khan	The comparison of the outcomes of near total thyroidectomy in multi nodular goiter patients with & without suction drains
3	Dr. Abdul Manan		Comparison of stapled hemorrhoidopexy versus open hemorrhoidectomy for the management of hemorrhoids

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 18th January 2023** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Ghulam Qadir	Prof. Ch. Muhammad Kamran Professor of Surgery Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison between single versus three doses of antibiotic in open inguinal surgeries in terms of seroma formation, wound infection, need for re-intervention and patient satisfaction
2.	Dr. Zona Abid	Dr. Shahzad Bashir Associate Professor of Surgery Khawaja Muhammad Safdar Medical College/ Allama Iqbal Memorial Teaching Hospital, Sialkot	Comparison of the outcome using the conventional management versus 'enhanced recovery after surgery' protocols among patients undergoing stoma reversal
3.	Dr. Ayesha Asif Dar	Prof. Muhammad Ateeq Professor of Surgery Nawaz Sharif Medical College/ Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Thyroidectomy with and without drain

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 22nd September 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Ali Umer Khan	Prof. Muhammad Jamil Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of polydioxanone (PDS) versus polypropylene suture in patients of inguinal hernia for securing mesh
2.	Dr. Asma Shauket	Prof. Muhammad Ishaq Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Postoperative pain management by local infiltration with bupivacaine versus diclofenac sodium suppository in laparoscopic cholecystectomy
3.	Dr. Muhammad Ibrar Aslam	Prof. Zahid Sattar Professor of Surgery Sahiwal Medical College/ DHQ teaching Hospital, Sahiwal	Comparison of post operative complications in inguinal hernia repair: Securing mesh with skin staples versus prolene suture

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 22nd September 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Hafiz Muhammad Mohsin	Prof. Muhammad Nadeem Aslam Professor of Surgery Services Institute of Medical Sciences/Services Hospital, Lahore	Comparison between fixation and non-fixation of mesh for total extra peritoneal repair in inguinal hernia repair
2.	Dr. Arslan Ishtiaq	Prof. Haroon Javaid Majid Professor Of Surgery Shaikh Zayed Postgraduate Medical Institute/Shaiikh Zayed Hospital, Lahore	Comparison of effect of warm saline irrigation versus no irrigation on severe postoperative pain in patients of laparoscopic cholecystectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 22nd September, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Kiran Abd Ul Rasheed	Prof. Muhammad Idrees Anwar Professor of Surgery Rawalpindi Medical University/Holy Family Hospital, Rawalpindi	Assessment of post mastectomy sensory changes in affected breast when compared with contralateral breast as control using the Semmes Weinstein technique.
2.	Dr. Ijaz Ahmed	Prof. Malik Tariq Nawaz Professor of Surgery Rawalpindi Medical University/DHQ Hospital, Rawalpindi	Comparison of polypropylene suture versus skin staples for securing mesh in Lichtensteins inguinal hernioplasty – A comparative prospective study

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Wednesday, 22nd September 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Muhammad Zeeshan	Prof. Ansar Latif Professor of Surgery Khawaja Muhammad Safdar Medical College/Allama Iqbal Memorial Teaching Hospital, Sialkot	A comparative study of open (Milligan Morgan) versus stapled hemorrhoidectomy in terms of post-operative hemorrhage and pain
2.	Dr. Nadeem Ahmad	Prof. Shahzad Bashir Professor of Surgery Khawaja Muhammad Safdar Medical College/Allama Iqbal Memorial Teaching Hospital, Sialkot	Comparison of post operative opioids requirement after using diclofenac suppository versus intravenous diclofenac sodium in patients with open cholecystectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 23rd June, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Ali Bahadur M.S. (General Surgery)	Prof. Gulzar Ahmad Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of effectiveness of intramuscular diclofenac sodium injection versus diclofenac suppositories in post-operative pain management in inguinal hernia repair
2.	Dr. Ali Muhammad Khan M.S. (General Surgery)		Incidence of post-thyroidectomy hypocalcemia: Comparison in total thyroidectomy vs subtotal thyroidectomy
3.	Dr. Asma Shaukat M.S. (General Surgery)	Prof. Muhammad Ishaq Khan Professor of Surgery Unit II Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Postoperative pain management by local infiltration with bupivacaine versus diclofenac sodium suppository in laparoscopic cholecystectomy
4.	Dr. Abdul Rauf M.S. (General Surgery)	Prof. Munawar Jamil Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparative study to find the outcome of primary closure vs ileostomy stoma formation in typhoid perforation

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 23rd June, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Khadeeja Tahir M.S. (General Surgery)	Prof. M. Masood-ur-Rauf Professor of Surgery Nishtar Medical College/Nishtar Hospital, Multan	Comparative study on morbidity in laparoscopic and open cholecystectomy among complicated gallstones disease patients
2.	Dr. Humaira Naseem M.S. (General Surgery)	Prof. Javaid Iqbal Head of Surgical Unit II Punjab Medical College/Allied Hospital, Faisalabad	Comparison of laparoscopic sleeve gastrectomy and laparoscopic one anastomosis gastric bypass follow up
3.	Dr. Zafar Iqbal M.S. (General Surgery)	Prof. Tariq Ghafoor Professor & Head of Surgical Unit II Shaikh Zayed Medical College/Hospital Rahim Yar Khan	To compare the incidence of seroma formation with and without compression dressing after laparoscopic intraperitoneal on lay mesh repair
4.	Dr. Anayatullah M.S. (General Surgery)		Comparison of no antibiotic versus antibiotic prophylaxis in patients undergoing elective laparoscopic cholecystectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 23rd June, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Dr. Rai Aamir Wazir M.S. (General Surgery)	Prof. Muhammad Hanif Professor of Surgery Rawalpindi Medical University /Benazir Bhutto Hospital, Rawalpindi	Evaluation of the diagnostic value of serum bilirubin levels to diagnose acute appendicitis in suspected patients
Dr. Ziaullah Khalid M.S. (General Surgery)	Prof. Muhammad Idrees Anwar Dean & Professor of Surgery Rawalpindi Medical University /Benazir Bhutto Hospital, Rawalpindi	Comparison of changes in post laparoscopic cholecystectomy liver function tests in acute versus chronic cholecystitis: A Comparative Study
Dr. Kiran Shifa Syed M.S. (General Surgery)		Comparison of vacuum assisted closure technique over conventional wound closure technique in terms of wound healing and complications in patients with burst abdomen
Dr. Amna Amin M.S. (General Surgery)	Prof. Liaqat Ali Zia Professor of Surgery Gujranwala Medical College/DHQ Hospital, Gujranwala	Comparative study of primary closure versus delayed primary closure in cases of contaminated emergency laparotomy wound

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Thursday, 24th March 2022** at **12:00 noon**. in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Ambrina Sajjad	Dr. Abdul Rehman Alvi Chief Consultant Gujranwala Medical College/ DHQ Teaching Hospital, Gujranwala	Comparative study between laparoscopic cholecystectomy with and without clipping of cystic duct & artery
2.	Dr. Ejaz Ahmad Khan	Dr. Umair Ahmad Associate Professor of General Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of rubber band ligation and injection sclerotherapy for management of second-degree hemorrhoids
3.	Dr. Muhammad Alamgir	Prof. Munawar Jamil Professor of General Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of Post-operative Pain between skin staples and polypropylene suture in patients of inguinal hernia for securing mesh
4.	Dr. Saifullah Hunjra	Dr. Muhammad Najam Iqbal Assistant Professor of General Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of laparoscopic ventral hernia repair with and without fascial defect closure.
5.	Dr. Noreen Kausar	Dr. Atiq-Ur-Rehman Associate Professor of General Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of hemorrhage by the usage of ultrasonic harmonic scalpel versus conventional thread suturing technique in total thyroidectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Thursday, 24th March 2022** at **12:00 noon**. in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Rabiya Annum	Prof. Yaseen Rafi Professor of Surgery Services Institute of Medical Sciences/ Service Hospital, Lahore	Comparison Between Mesh Rectopexy and Suture Rectopexy in Rectal Prolapse
2.	Dr. Muhammad Rehan	Prof. Javaid Iqbal Professor of Surgery Faisalabad Medical University/ Allied Hospital, Faisalabad	To Compare outcome of shorty course and long course use of antibiotic therapy to prevent surgical site infection in intra-abdominal infections.
3.	Dr. Muhammad Naveed	Prof. Dr. Naveed Akhtar Choudhary Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of Recurrence of Pilonidal sinus among Patients Treated with excision with open healing Versus Karydakis technique at a Tertiary care Hospital
4.	Dr. Muhammad Yousaf	Prof. Tayyab Abbas Professor of Surgery Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Validation of Appendicitis Inflammatory response (AIR) score in suspected cases of acute appendicitis
5.	Dr. Laiq	Prof. Muhammad Rehman Gulzar Professor of Surgery Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison of Post-operative infection and pain in gall bladder retrieval through umbilical versus epigastric post in laparoscopic cholecystectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 24th August 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1	Dr. Zafar Iqbal (Revised)	Prof. Muhammad Tariq Ghafoor Professor of General Surgery Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparison of open onlay mesh repair with laparoscopic intraperitoneal onlay mesh repair of paraumbilical hernia for seroma formation, infection, post-operative pain and recurrence
2	Dr. Hafiz Gulfam	Prof. Shahzad Basheer Professor of General Surgery Khawaja Muhammad Safdar Medical College/Allama Iqbal Teaching Hospital, Sialkot	Comparison of outcome in terms of post-op pain, bleeding and recurrence of injection sclerotherapy with phenol in almond oil vs rubber band ligation in 2nd degree hemorrhoids in AIMTH Sialkot
3	Dr. Ayesha Zulfiqar	Dr. Abdul Rehman Alvi Chief Consultant Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparison of herniorrhaphy with suture alone vs mesh hernioplasty in the treatment of para umbilical hernia 1-4 cm diameter in adults
4	Dr. Muhammad Bilal Ahmad (Revised)		Comparison of ultrasound guided aspiration against incision and drainage for the treatment of breast abscess
5	Dr. Naseer Ahmed (Revised)	Prof. Liaqat Ali Zia Professor of Surgery Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparison of primary repair versus primary repair added with proximal ileostomy in gunshot colonic injuries

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 24th August 2022** at **12:30 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Salman Khan	Dr. Muhammad Farrukh Aftab Assistant Professor of Surgery Nishtar Medical University/Nishtar Hospital, Multan	Comparison of biliary leakage between laparoscopic versus open surgery of liver hydatid CYCT: A randomized controlled trial
2.	Dr. Muhammad Shoaib Akhtar	Dr. Ahsan Ur Rehman Assistant Professor of Surgery Nishtar Medical University/Nishtar Hospital, Multan	Compare DUSS versus PEDIS score for the prediction of lower limb amputation in diabetic foot ulcer patients at a tertiary care hospital
3.	Dr. Nabeela Riaz	Prof. Afsar Ali Bhatti Professor of Surgery Postgraduate Medical Institute/Lahore General hospital, Lahore	Comparison of laparoscopic and open high ligation procedure for varicocele
4.	Dr. Ibrahim Mohamed Mohamud	Prof. Muhammad Zakir Sial Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	Comparison of Postoperative Pain between Laparoscopic (TEP) Repair vs Open Lichtensteins Repair of Inguinal Hernia
5.	Dr. Muhammad Zahid	Prof. Tayyab Abbas Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	Antibiotic therapy versus appendectomy for the treatment of uncomplicated acute appendicitis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 24th November 2021** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Kamran Kareem	Dr. Muhammad Sajid Hameed Ansari Associate Professor of Surgery DG Khan Medical College/DHQ Teaching Hospital, DG Khan	Efficacy of topical 0.2% glyceryl translate paste vs placebo in wound healing after open hemorrhoidectomy
2.	Dr. Muhammad Shahid Khan (Revised)	Dr. Umair Ahmed Associate Professor of Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of outcome of trans abdominal pre peritoneal (TAPP) vs open inguinal hernia mesh repair
3.	Dr. Shakil Ahmad (Revised)	Prof. Muhammad Ishaque Khan Professor of Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparison of outcome between PPH vs open hemorrhoidectomy in 3rd degree hemorrhoids in Bahawal Victoria Hospital, Bahawalpur
4.	Dr. Muhammad Azeem Mir	Prof. Munawar Jamil Professor of Surgery Quaid-e-Azam Medical College/ Bahawal Victoria Hospital, Bahawalpur	Comparative analysis in the usage of the ultrasonic harmonic scalpel versus electrocautery in open hemorrhoidectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 24th November 2021** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Atif Nawaz	Prof. Muhammad Hassan Abbas Professor of Surgery Sheikh Zayed Medical College/ Sheikh Zayed Hospital, Rahim Yar Khan	A randomized clinical trial to compare outcome of use of glyceryl trinitrate to the lateral internal sphincterotomy in anal fissure
2.	Dr. Nasir Mukhtar	Prof. Muhammad Idrees Anwar Professor of Surgery Rawalpindi Medical University/ Holy Family Hospital, Rawalpindi	Comparison of truncal ITA ligation and branch ITA ligation during near total thyroidectomy in terms of post-operative calcium and magnesium levels.
3.	Dr. Annam Khalid	Prof. Naveed Akhtar Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparative study of outcomes of laparoscopic IPOM versus open sublay technique for elective ventral abdominal hernia repair
4.	Dr. Muhammad Waqas Zafar	Prof. Masood Ur Rauf Hiraj Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of outcome (in terms of hospital stay and duration of surgery) of laparoscopic repair versus open repair of perforated Duodenal ulcers at a tertiary care hospital

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 24th November 2021** at **01:00 p.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Kashif Ayub	Dr. Abdul Rehman Alvi Chief Consultant Gujranwala Medical College/ DHQ Teaching Hospital, Gujranwala	Comparison of outcome of crystalized phenol versus surgical Excision and primary closure in treatment of pilonidal sinus.
2.	Dr. Muhammad Abubakar Rizwan (Revised)	Prof. Muhammad Ateeq Professor of Surgery Nawaz Sharif Medical College/ Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Comparative Study of Ripasa and Alvarado scoring systems for the diagnosis of acute appendicitis
3.	Dr. Muhammad Shahbaz Goshe (Revised)	Prof. Muhammad Rehman Gulzar Professor of Surgery Postgraduate Medical Institute/ Lahore General Hospital, Lahore	Comparison between tube and loop ileostomy on adults with typhoid perforation
4.	Dr. Hasnat Hassan (Revised)	Dr. Amna Javed Associate Professor of Surgery Postgraduate Medical Institute/ Lahore General Hospital, Lahore	The Comparative study of outcome between Lichtenstein mesh repair versus laparoscopic TAPP repair in inguinal hernia

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Friday, 25th June, 2021** at **10:00 a.m.** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Mareeha Mukhtar M.S. (General Surgery)	Dr. Akhtar Mehboob Associate Professor Sahiwal Medical College/DHQ Hospital, Sahiwal	Comparison of ultrasound guided needle aspiration versus incision drainage in lactating breast abscess
2.	Dr. Jamil Ahmad Tahir M.S. (General Surgery)	Prof. Naveed Akhtar Professor of Surgery Nishtar Medical College/Nishtar Hospital, Multan	Comparison of hemorrhoidectomy by Ligasure small jaw device with conventional Milligan Morgan's hemorrhoidectomy
3.	Dr. Mubeen Fatima M.S. (General Surgery)	Prof. Muhammad Ateeq Professor of Surgery Nawaz Sharif Medical College/Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Negative suction drainages vs standard incision for the treatment of breast abscess: A Randomized Controlled Trial
4.	Dr. Adnan Zafar M.S. (General Surgery)		Metronidazole alone versus combination of metronidazole plus cefuroxime in patients with acute appendicitis undergoing appendectomy in terms of hospital stay and surgical site infection

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 25th August 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Muhammad Gohar Ashfaq	Prof. Muhammad Sajid Shaikh Professor of Surgery Faisalabad Medical University/Allied Hospital, Faisalabad	Elevation of liver enzymes in laparoscopic cholecystectomy at different gas pressures
2.	Dr. Shahid Fareed Farooqi	Prof. Javaid Iqbal Professor of Surgery Faisalabad Medical University/Allied Hospital, Faisalabad	Comparison of post-operative outcomes in same admission vs. interval laparoscopic cholecystectomy for biliary pancreatitis
3.	Dr. Zeeshan Ashiq		Comparison of morbidity in open Lichtenstein and laparoscopic Transabdominal Preperitoneal (TAPP) inguinal hernia repair
4.	Dr. Faizan Ahmad	Prof. Habib Qadir Professor of Surgery Gujranwala Medical College/ DHQ Teaching Hospital, Gujranwala	Comparison of open versus laparoscopic cholecystectomy in patients presenting with cholelithiasis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 25th August 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Asmet Naz	Prof. Tariq Nawaz Professor of Surgery Rawalpindi Medical University/DHQ Hospital, Rawalpindi	Comparison of incision and drainage versus ultrasound guided needle aspiration in breast abscess in the lactating mothers in terms of infection control and initiation of breast feeding
2.	Dr. Saqib Wali	Prof. Muhammad Hassan Abbas Professor Of Surgery, Sheikh Zayed Medical College/Sheikh Zayed Hospital, Rahim Yar Khan	Comparative effectiveness study between vacuum assisted negative pressure wound therapy and conventional moist dressing in treatment of diabetic foot ulcer
3.	Dr. Muhammad Yousaf	Prof. Tayyab Abbas Professor of Surgery Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Validation of Appendicitis Inflammatory Response (AIR) score in suspected cases of acute appendicitis

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 25th August, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Syeda Mahr-Un-Nisa	Prof. Muhammad Akram Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital, Lahore	Comparative study of outcome between laparoscopic cyst-gastrostomy versus open cyst-gastrostomy in patients with pancreatic pseudocyst
2.	Dr. Muhammad Talha Bin Talib	Prof. Muhammad Farooq Afzal Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital, Lahore	The outcome comparison of phenol injection vs excision with open healing in pilonidal sinus
3.	Dr. Muhammad Hassan Shahid		Comparison between irrigation of wound with hypertonic saline and normal saline after modified radical mastectomy & axillary lymph node dissection, a non-randomized control trial

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Wednesday, 25th August 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Muhammad Zahid Abbas	Prof. Masood Ur Rauf Hiraj Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of biliary leakage with clipless versus clipped laparoscopic cholecystectomy in patients with cholelithiasis
2.	Dr. Humayun Amjad	Dr. Shafiq Ullah Ch. Assistant Professor of Surgery Nishtar Medical University/ Nishtar Hospital, Multan	Comparison of outcome of Jaboulay's technique versus hydrocelectomy with an excision of sac using vessel sealing device in adult patients with hydroceles at a tertiary care hospital
3.	Dr. Irfan Zahid	Prof. Khalid Hussain Qureshi Professor of Surgery Nishtar Medical University/Nishtar Hospital, Multan	Comparison of outcome of excision with primary repair versus Limberg flap in patients with pilonidal sinus at a tertiary care hospital
4.	Dr. Ch. Muhammad Atif Niaz	Prof. Farooq Ahmad Rana Professor of Surgery Allama Iqbal Medical College/ Jinnah Hospital, Lahore	Comparison of outcome of quilting sutures versus no quilting sutures for flap closure in modified radical mastectomy

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'A')** to be held on **Wednesday, 14th July 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
1.	Dr. Mujahid Ahmed	Prof. Habib Qadir Professor of Surgery Gujranwala Medical College/DHQ Teaching Hospital, Gujranwala	Comparison of closed versus open haemorrhoidectomy in patients with haemorrhoids
2.	Dr. Muhammad Amjad Ali	Prof. Farooq Afzal Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital Lahore	Comparison between primary closures with Kardakis technique vs open procedure in treatment of pilonidal sinus in term of frequency of postoperative wound infection
3.	Dr. Hasnat Hassan	Dr. Amna Javed Associate Professor of Surgery Postgraduate Medical Institute/Lahore General Hospital Lahore	The comparative study of outcome between Lichtenstein mesh repair vs Desarda's repair in direct inguinal hernia
4.	Dr. Ammara Aslam	Prof. Sikandar Hayat Gondal Professor of Surgery Lahore	Comparative study retrieval of gall bladder in laparoscopic cholecystectomy from umbilical versus epigastric port

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'B')** to be held on **Wednesday, 14th July, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Aqsa Sajjad Bhatti	Prof. Munawar Jamil Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of post-operative pain after third degree hemorrhoidectomy with ligasure v/s hemorrhoidectomy with electro cautery
2.	Dr. Shakil Ahmad	Prof. Muhammad Ishaq Khan Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison between stapled hemorrhoidectomy (Procedure for Prolapse and Hemorrhoids- PPH) vs open hemorrhoidectomy in third degree hemorrhoids
3.	Dr. Muhammad Shahid Khan	Dr. Umair Ahmed Associate Professor of Surgery Quaid-e-Azam Medical College/Bahawal Victoria Hospital, Bahawalpur	Comparison of outcome of Trans Abdominal Pre Peritoneal (TAPP) vs open inguinal hernia mesh repair
4.	Dr. Aroona Arif		Comparison of recurrence rate of incision and drainage vs multiple percutaneous needle aspiration for breast abscess management

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'C')** to be held on **Wednesday, 14th July, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Dr. Abdus Salam	Prof. Naveed Jabbar Bandesha Professor of Surgery Sargodha Medical College/DHQ Teaching Hospital, Sargodha	Comparison of outcomes of ligasure versus conventional electrocautery in modified radical mastectomy for carcinoma of breast
Dr. Muhammad Luqman Sadiq	Prof. Zahid Sattar Professor of Surgery Sahiwal Medical College/DHQ Teaching Hospital, Sahiwal	Comparison of stoma formation versus primary repair for enteric preformation
Dr. Muhammad Abubakar Rizwan	Prof. Muhammad Ateeq Professor of Surgery Nawaz Sharif Medical College/Aziz Bhatti Shaheed Teaching Hospital, Gujrat	Comparative study of RIPASA and modified Alvarado scoring system for the diagnosis of acute appendicitis
Dr. Amna Shafi	Prof. Ansar Latif Professor of Surgery Khawaja Muhammad Safdar Medical College/ Allama Iqbal Teaching Hospital Sialkot	A comparative study of laparoscopic versus open appendectomy obese patients

UNIVERSITY OF HEALTH SCIENCES, LAHORE

Agenda of the Meeting of **Speciality Advisory Committee in General Surgery (Working Group 'D')** to be held on **Wednesday, 14th July, 2021** at **12:00 noon** in University of Health Sciences, Lahore.

AGENDA

Sr. No.	Name of Candidate / Specialty	Supervisor	Title
	Dr. Arslan Ishtiaq	Prof. Haroon Javaid Majid Professor of Surgery Shaikh Zayed Postgraduate Medical Institute/Shaiikh Zayed Hospital, Lahore	Comparison of effect of warm saline irrigation versus negative gas suction on severe postoperative pain in patients of laparoscopic cholecystectomy
2.	Dr. Khushbakht Ali Khan	Dr. Ahsan Nasim Associate Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital, Lahore	DG-HAL (Doppler guided-Haemorrhoidal Artery Ligation) versus closed haemorrhoidectomy: A comparative study
3.	Dr. Irfan Nabi Khan		Wound healing in diabetic foot patients with and without PRP (Platelet Rich Plasma) dressing
4.	Dr. Muhammad Ammar Fayyaz	Prof. Farooq Ahmad Rana Professor of Surgery Allama Iqbal Medical College/Jinnah Hospital Lahore	Comparison between enhanced view total extra-peritoneal retro-muscular(eTEP) approach versus Intraperitoneal Onlay Mesh (IPOM) for ventral hernia repair
